Contact the county or municipality in the area prior to operating as a plumber for their licensing and permit requirements. The LLP is **NOT** exempt from local licensing and permit requirements enforced by municipalities or counties and codes offices. They may impose additional and stricter guidelines, including **testing**, inspections, and allowed to charge fees for licensing and permits.

Reminder: A LLP is not considered a contractor and may not perform projects exceeding \$25,000.

*Effective **July 1, 2006**, PSI (Psychological Services, Inc.) will begin administering an LLP exam.
